Top 4 Needs/Gaps in Resources Identified by Coalition Members:

1. **Our Shared Services Network will send a letter of support for the Juvenile Civil Citation Program.**
2. **We need more opportunities/connections to community service hours for Juveniles.**
3. **We have a greater need for funding from the Children's Partnership Council in Taylor County than in Madison. We need to re-engage Suwannee River Economic Council in Taylor County.**
4. **We will set up a link to the Partnership Request Form on our HS website. Self-pay for Taylor County Recovery Center services should be considered for the next Partnership Council meeting.**
